

STATEMENT ON BISPHENOL A (BPA)

According to our actual knowledge and information from our raw material suppliers, we can confirm that in products **of the Sirmax Group** listed in Table 1

➤ **Bisphenol A (BPA – CAS n° 80-05-7)**

is not intentionally added.

However, our products are not tested to check any possible presence of the substance(s) mentioned above since this testing process is not a standard procedure within Sirmax SpA, therefore the presence of trace amounts in the product(s) coming from raw material impurities, from the process or as adventitious contaminant cannot be excluded.

Exclusions

In the following PC based compounds BPA may be present in very low amounts as residual monomer:

- ISOBLEND - DAFNEBLEND (PC/ABS alloys)
- ISOCLEAR - DAFNELOY (PC compounds)
- MASTER e MB PC based

Moreover, since converting conditions can affect levels of BPA by thermal degradation of the polycarbonate resin, effective residual BPA level needs to be assessed by the converter.

Table 1: list of products covered by this declaration

PP	ISOFIL ^{®*} , ISOPL ^{®*} , ISOGLASS ^{®*} , ISOFLEX [®] , DAFNELEN [®] , DAFNEGLASS [®]
ABS	ISOTER ^{®*} , DAFNELAC [®]
PA	ISONYL ^{®*} , DAFNEMID [®] , AXONYL [®]
PPO	ISORYL [®]
PE	ISOTENE
PET and PBT	ISODUR [®] , DAFNELOY [®]
POM	ISOFORM ^{®*} , DAFNELAN [®]
PC/ABS	ISOBLEND ^{®*} , DAFNEBLEND [®]
PC/ASA	ISOBLEND AS [®]
PC	ISOCLEAR ^{®*} , DAFNELOY [®]
PS	ISOSTYR [®] , DAFNESTIL [®]
MASTERBATCHES	MASTER, EUROMASTER, MICROFILLER [®] , MICROMASTER [®] , MICROADD [®]
TPE	XELTER [®] S, XELTER [®] T, XELTER [®] V, XELTER [®] O, XELTER [®] TECH, XELTER [®] BIO
COMPOSTABLE	BIOCOMP [®]

*** with exclusion of Industrial grades "I", produced with pre-consumer recycled polymer.
For further information please contact your local Sirmax Group contact.**

IMPORTANT NOTE:

The present declaration does not apply to materials containing post-consumer recycled plastic like any "GREEN" SIRMAX[®] grade, SERTENE[®] PP and SERTENE[®] PE grades. For further information please contact your local Sirmax Groupcontact.

Disclaimer:

This declaration applies only to the composition of granules and may not be extended to end products obtained by any modification of the composition, any processing conditions which could lead to deteriorated material or improper use of granules. This information and our technical advice - whether verbal, in writing or by way of trials – are given in good faith but without warranty, and this also applies where proprietary rights of third parties are involved. Our advice does not release the user from the obligation to check its validity and to test our products as to their suitability for the intended processes and uses.
